Supplemental Reasons for Allowance

1. In the previous Reasons for Allowance it was stated, “one would not be properly motivated to modify the Port invention in the manner claimed by applicant since said modification would destroy the intent of Port (i.e., two fiber types on surface wherein the low melt fiber aids in binding the second dyeable cover fiber to the surface).” While this statement is true of one of Port’s embodiments, Port also teaches an embodiment of 100% low melt fiber fused to the woven fabric (col. 4, lines 3-28). However, it would still not be obvious to modify Port in a manner claimed by applicant in that Port still requires the low melt fiber to be fused on the surface of the woven fabric and to be dyeable so as to eliminate “grinning” of the carpet (col. 1, line 56-col. 2, line 4 and col. 9, line 65-col. 10, line 2).
2. Therefore, claims 6-10 are allowed.

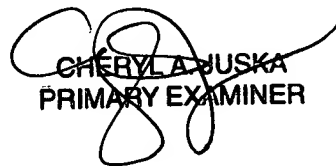

Conclusion

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
